

Journey To Africa

Providing Safaris to Tanzania, Kenya and beyond

WE CARE

Jambo Rafiki,

We have a special request. Captain Alisa Thomas, an instructor for the Coalition Air Force Transition Team, a three time Journey To Africa Safari client is training for The Leukemia & Lymphoma Society. Alisa just returned from Iraq and is ready to help out. Please see her note below ::

"I'm training to participate in an endurance event as a member of The Leukemia & Lymphoma Society's (LLS) Team In Training. All of us on TNT are raising funds to help stop leukemia, lymphoma, Hodgkin lymphoma and myeloma from taking more lives. I am completing this event in honor of all individuals who are battling blood cancers. These people are the real heroes on our team, and we need your support to cross the ultimate finish line - a cure!

TNT and I have something in common--1988 is a very special year for us. 1988 is the year TNT started raising funds to save lives and 1988 is the year I graduated from high school--so in honor of those twenty years I have committed myself to training for and running a full 26.2 mile marathon--the Nike Women's Marathon in San Francisco to be specific.

Please make a donation to support my participation in TNT and help advance LLS's mission. Use the link in this email to donate online quickly and securely plus learn more about my progress. You will receive a confirmation of your donation by email and I will be notified as soon as you make your donation.

<http://pages.teamintraining.org/wpa/nikesf08/athomas>

Each donation helps accelerate finding a cure for leukemia, lymphoma and myeloma. More than 823,000 Americans are battling these blood cancers. I am hoping that my participation in Team In Training will help bring them hope and support.

On behalf of The Leukemia & Lymphoma Society, thank you very much for your support. I greatly appreciate your generosity.

Alisa Thomas"

Journey To Africa is a proud sponsor of Captain Alisa Thomas.

SAFARI IDEA

The Leukemia & Lymphoma Society is the world's largest voluntary health organization dedicated to funding blood cancer research and providing education and patient services.

Their mission is to cure leukemia, lymphoma, Hodgkin's disease and myeloma, and to improve the quality of life of patients and their families.

To participate in the race, please visit ::
